

## Projects Concept

**PROJECTS CONCEPT**The immediate direction of our government is to make our state (Delta) accessible to all for investment, business, agriculture, commerce and improving on the welfare of the people through creation of jobs and safe neighbourhoods

The immediate direction of our government is to make our state (Delta) accessible to all for investment, business, agriculture, commerce and improving on the welfare of the people through creation of jobs and safe neighborhoods. In the Delta state of our vision, an enabling environment will be created for constructive dialogue, peaceful co-existence amongst the various ethnic groups and harmonious relationship between all stakeholders in the oil industry, including the oil producing communities and multinationals operating in the Niger-Delta
